

**Position:** Professor USP

**Contacts details:**

**Telephono:** + 55 19 3565 4289

**Fax:** + 55 19 3565 4242

**e-mail:** julianofiorelli@usp.br

**Adress:** Av. Duque de Caxias Norte, 225, CEP 13.635-900

**Qualifications:**

2000, Bachelor in Civil Engineering

2002, Master of Science in Materials Science and Engineering

2005, PhD in Materials Science and Engineering

**Experience**

2004-2009 Professor – São Paulo State University

Since 2009 Professor - University of São Paulo

**Technical or scientific areas of interest**

Juliano Fiorelli has worked in the development and research of new and non-conventional civil construction materials since 1998. His research interests cover a range of reforestation wood and agro-industrial waste. Currently, he is coordinating a research project supported by FAPESP - São Paulo Research Foundation, about development of processing technology and characterization of agro-industrial waste -based particle boards reinforced vegetable fibres and mixed with natural resin.
