

Petr Tihlařík

Position: research worker

Contacts details:

Telephono: + 420 543 529 271

Fax: + 420 543 216 029

e-mail: tihlarik@vustah.cz

Adress: Pekařská 32, Šitbořice, 691 76, Czech Republic

Qualifications:

1995-2000, Brno Technical Building School
2000-2005, Brno University of Technology, Faculty of Civil Engineering
since 2008, Brno University of Technology, Faculty of Civil Engineering – PhD study
since 2005, Research Institute of Building Materials, JSC, Brno

Experience

2004-2005	Design of shortened proving of sulphated binders durability – graduation theses
2005	Applications of modified kaolin at building materials industry
2006-2007	Research of heat resistant constructional-insulating components on fibercement based composites for specialized industry applications
2006	Exciting of anhydrite based binders for sulphate floor industry
since 2006	Extruded fibercement research

Technical or scientific areas of interest

Inorganic Fiber Composites, Heat Resistant, Binders, Concrete
